

## 6. More Advanced Search fields:

- Place of Publication added to Advanced Search dropdown menu
- Government Documents, Conference Proceedings, Dissertations, Research Datasets, Newspapers added to Material Types
- Date Range selector added

Try a search for Harry Potter in the current [ND Catalog](#). After you get your results, try the search again in Advanced Search and select “Series Title” from the dropdown menu. Did it limit the number of results?

This screenshot shows the ND Catalog Advanced Search interface. The top navigation bar includes 'OneSearch', 'Catalog', 'Articles', 'eJournals', 'Databases', 'eBooks', and a 'Search WorldCat' button. The main search area has three input fields, each with a 'contains' dropdown and a search button. The first dropdown is open, showing a list of search fields: 'Any', 'Title', 'Author/Creator', 'Subject', 'Series title' (highlighted in blue), 'Uniform title', 'Publisher', 'Call number', 'ISBN', and 'ISSN'. The first input field contains 'harry potter'. To the right, there are filters for 'Material Type' (All items), 'Language' (Any language), and 'Search Scope' (All Notre Dame Campus I). 'CLEAR' and 'SEARCH' buttons are at the bottom right.

In the [Primo 4 version](#), the dropdown menus in Advanced Search now also include Place of Publication. This addition was requested by faculty researchers.

This screenshot shows the ND Catalog Advanced Search interface, similar to the previous one but with additional features. The first dropdown menu is open, and 'Place of Publication' is circled in red. The second dropdown menu is also open, showing 'Any' as the selected option. The first input field contains 'harry potter'. To the right, there are filters for 'Material Type' (All items), 'Language' (Any language), 'Start Date' (Day, Month, Year), 'End Date' (Day, Month, Year), and 'Search Scope' (All Notre Dame Campus Librar). 'CLEAR' and 'SEARCH' buttons are at the bottom right.

There are also several new additions to the Materials Type dropdown menu:

- Government Documents
- Conference Proceedings
- Dissertations
- Research Datasets
- Newspapers

The screenshot shows the Primo 4 search interface. At the top, there are tabs for 'OneSearch', 'Catalog', 'Articles', 'eJournals', 'Databases', and 'eBooks'. A 'Search WorldCat' button is on the right. The main search area has three rows of input fields, each with a dropdown menu set to 'Any' and a 'contains' operator. The first row has 'harry potter' entered. To the right, there are fields for 'Material Type:', 'Language:', 'Start Date:', 'End Date:', and 'Search Scope:'. The 'Material Type:' dropdown menu is open, showing a list of options: 'All items', 'Government documents', 'Conference Proceedings', 'Dissertations', 'Books', 'Journals', 'Articles', 'Images', 'Web Sites', 'Scores', 'Maps', 'Online Resources', 'Audio', 'Videos', 'Research Datasets', and 'Newspapers'. The 'All items' option is highlighted in blue.

In the [Primo 4 version](#), try the Harry Potter search again using Advanced Search. This time, select “Dissertations” from the Material Type dropdown menu. How many results did you get?

Look back at [ND Catalog](#) Advanced Search. Is there any way to limit to a specific date range? In the [Primo 4 version](#), limit the dates to 2010 thru 2011. How does this change the number of results?

The screenshot shows the Primo 4 search interface with the same search criteria as the previous image. The 'Material Type:' dropdown menu is now set to 'All items'. The 'Start Date:' field is set to 'Day' and 'Month' with '2010' entered. The 'End Date:' field is set to 'Day' and 'Month' with '2011' entered. Red arrows point to the '2010' and '2011' input fields. The 'Search Scope:' dropdown menu is set to 'All Notre Dame Campus Librar'. At the bottom right, there are 'CLEAR' and 'SEARCH' buttons.
